Dear Trustees,

Your charity is an invaluable resource and asset to the community. Families going through divorce who reach out to 'Our Kids First' as their first port of call, receive help with the range of support they inevitably need at that time.

The volunteers at Our Kids First make themselves available to the community and operate with great dedication and commitment. They work together with local charities, professionals and Rabbonim to facilitate and ease pressures on families at these time.

This wonderful charity is run with professionalism, confidentiality and most importantly with a child centric and forward focused approach.

Your team have shown, time and time again, how one can help the community in practical ways.

They should merit peace and happiness in their own families and together we should be zoche to the ultimate geulah bekorov.

Y M Greenberg
